## New Power Supply Conversion Kits

For use with MX, ZX and T2000 Fire Alarm Control Panels, Repeaters and Power Supplies.

Following the introduction of the PSU830 power supply as a replacement for the PSB800, PSB800K, PSM800, PSB800M, PSB800MK and PSM800M models (See MS4484 issue 2 - 29<sup>th</sup> September 2009) Tyco Safety Products have now developed three service replacement conversion kits.

### PSU830 Panel Fixing Conversion Kit

MX and ZX panels fitted with PSB800 power supplies can now be upgraded to PSU830, either as a service replacement or to provide more loop power for system extensions. The PSU830 Panel Fixing Conversion Kit consists of an adaptor plate, spacers, fixings and instructions. It can be used with MX1000, MX4000, ZX1, ZX4 and Black Box panels to provide the mounting arrangement for a PSU830. The PSU830 Panel Fixing Conversion Kit does not include a PSU830 power supply. This should be ordered separately.

Product Code	Description
557.202.030	PSU830 Panel Fixing Conversion Kit
557.202.210	PSU830 Power Supply Unit

### PSU830 Small Chassis Plate Conversion Kit

The PSU830 Small Chassis Plate Conversion Kit consists of a chassis plate, earth connection and instructions. It is needed when replacing a PSM800 power supply with a PSU830 power supply in an MXR repeater, ZXFEV repeater or power supplies MX17A-PSU, MX38A-PSU, ZXAEV-17 and ZXAEV-38A. The PSU830 Small Chassis Plate Conversion Kit does not include a PSU830 power supply. This should be ordered separately.

Product Code	Description
557.202.031	PSU830 Small Chassis Plate Conversion Kit
557.202.210	PSU830 Power Supply Unit

### PSU830 T2000/T2000R Conversion Kit

To replace a PSB800M or PSM800M power supply with a PSU830 unit, use the PSU830 T2000/T2000R Conversion Kit. This kit consists of an adaptor plate, fixings, spacers and instructions for use with T2000, T2000CV and T2000R panels. The PSU830 T2000/T2000R Conversion Kit does not include a PSU830 power supply. This should be ordered separately. For 120V.a.c. operation a PSU830 T2000 120VAC Kit is available.

Product Code	Description
557.201.233	PSU830 T2000/T2000R Conversion Kit
557.202.210	PSU830 Power Supply Unit
557.201.234	PSU830 T2000 120VAC Kit
